GLOSSY BLACK

MATTE BLACK

Recipe for "NABE (Hot Pot)"

Ingredient

- Chicken thighs
- Chinese cabbage
- mushrooms
- tofu
- leek
- water
- miso

Instruction

1. Cut the ingredients into bite size pieces.
2. Boil water in the pot, and add miso paste.
3. Add Chicken first and heated well, then put vegetables into the pot.

The concept of a "NABE" is simple: it can be a mixture of fresh vegetables, meat, seafood, tofu, and soybean products, or seasonal ingredients, all to be cooked in a broth in a pot. Some of the popular NABE dishes include Sukiyaki, Shabu Shabu, Yudofu and Oden.

Due to the COVID-19, you need to stay home, but it is good opportunity to spend much time with your family. Why don't you enjoy NABE at home and get warm with your precious people?
